Volker41

Note about introduction by Khalid al-Wotani

Much has been said about the individual known online by many aliases, the most famous being “Volker41” and some variations of said alias.

Having had the pleasure to know the man himself and his views in detail through online conversations, one could only imagine the joy I felt when Volker asked me, both as a friend and as an intellectual, to write an introduction for a selected compilation of his writings, including some unpublished ones.

What you are about to read is the compilation of many of his articles, tweets and text from previously unpublished drafts, all compiled neatly in one publication for National Socialists to enjoy.

Introduction by Khalid al-Wotani

Volker is an ardent National Socialist and an Accelerationist who shares many similarities with James Mason, author of SIEGE. His writings, combined with his unique personality and antics have earned him a moderate amount of notoriety in some National Socialist circles online, having had a presence on gab, twitter, discord, soybooru, soyjak.blog and some other platforms and websites.

His two previous books, which he has published online for free, include: “The 24 Point Program of Volker41ism” and “A Simple Guide to National Socialism.”

With this new publication, Volker brings to you some of his best writings from articles that he wrote for The Daily Angriff, a National Socialist publication that he founded and operated on gab for a short but important period of time, and from some other sources, like unfinished drafts and tweets.

I sincerely hope that you might enjoy this.

If you wish to contact Volker, please contact me through my email, khalidalwotani@tor2mail.com, and I might be able to help you, though it might take some time for me to reply.

National Socialism

The National Socialist Weltanschauung

Introduction

Hello there dear reader. This is the first Edition of our (hopefully) daily publication, The Daily Angriff.

Taking inspiration from previous National Socialist Newspapers such as Der Angriff, we will publish as many articles as possible and always try to do our best.

We hope you enjoy reading our articles and learn as much as possible from them.

What is National Socialism

"National Socialism stands or falls by it's Weltanschauung"

- Alfred Rosenberg

National Socialism is not a materialist political ideology like capitalism or communism (it is not founded on any political spectrum and should not be analyzed through these limited lenses, being instead analyzed as the Natural worldview based on Natural laws that it is).

National Socialism is a Weltanschauung, a German word which can roughly be translated as "World View" or "World Philosophy."

National Socialism is an all encompassing world view, it is a Revolution of Thought, a new way of seeing the world and acting accordingly.

“Common Blood belongs
in a Common Reich”

- Adolf Hitler

in Mein Kampf Volume 1 Chapter 1

National Socialism is based on Natural Laws.

The National Socialist Weltanschauung recognizes man as a part of the Natural World.

It recognizes the sacred Wisdom of Nature and it's Eternal Laws.

Through the analysis of Natural Laws and of history, National Socialism rejects the anti-Nature doctrine of jewish materialism and all other subversive doctrines that come from such unnatural lines of thought.

It is from Nature where we find our Fundamental Principles and ideas as National Socialists.

The two most fundamental National Socialist Principles are the following:

- BLOOD AND SOIL -

**- THE COMMON INTEREST BEFORE -
INDIVIDUAL INTEREST**

A Nation is formed by the union of Blood and Soil.

It is not just the Land, but also the Volk, the People that inhabit it and are united, at the very least, by a Common Race or even a Common Culture.

National Socialism recognizes the People, the Volk, as being a Homogeneous Ethno-Racial unit that forms the Nation, therefore being the base of the Nation, and therefore the Bedrock of any true Nation-State.

The Nation is formed by a People who share a common ethnicity or, at the very least, a common Race and that live in a specific territory, a common Land.

As such, we recognize the Nation as being made by a common Volk living in it's own Land.

As we care about the Nation, it is only natural that we should care about the Volk living in said Nation, and that we should think about the Common Interest of the Volk, placing it above any type of individual interest.

- 1st edition of The Daily Angriff

National Socialism and Nature

A Nation is like an animal, and it should do everything in it's power to survive.

He who understands this phrase is a true National Socialist who is in tune with the Eternal Laws of Nature, Sacred Laws that exist on the Natural World by force of the Almighty Creator and his perfect will.

When we look at Nature, we see the most honest and pure manifestation of God's will, as we see God's creation behaving in the exact way he made them behave like.

The Natural Laws set up by the Creator, and therefore his will and wisdom, can be best seen through Nature.

We, humans, have been corrupted by materialism and other anti-Nature world views.

Because of these corrupt anti-God, materialistic and anti-Nature views, our society has distanced itself from the will of the Creator, believing itself to be above Nature and it's Laws.

This revolt against Natural Laws and Higher Spirituality has led to extreme levels of corruption and weakness in society, with this being nothing more than the result of a society which distances itself from Nature, a source of wisdom and life force.

Nature is fighting back against the violation of it's laws, while this rotten ZOG society, the system run by the jews, believe that it can conquer Nature, the truth is that Natural Laws continue to stand strong against the system.

Us, National Socialists, are the true Army of God, and we must act as such, fighting to defend the will of the Creator.

It does not matter if you call the Creator Jesus or if you call him Wotan, so long as you defend his will and the Sacred Eternal Natural Laws placed on Earth by him.

Once we, National Socialists, understand just how important and significant our mission is and start fighting accordingly, we shall be truly dedicated to our goals.

Heil God and his Will

Heil our People

Heil Hitler

Heil Nature

Accelerationism: why we must siege the system

LEGAL DISCLAIMER!!!

This article does NOT promote violence or any illegal behavior, it is all merely a basic discussion with some strong rhetoric.

Volker41 and The Daily Angriff cannot and will not be held liable for any effects that this article and it's publication may cause.

The System is our enemy, and recognizing this fact is the first step towards revolution.

The System, also known as ZOG, is our number one enemy, as the System seeks to completely destroy our Race.

The jewish-controlled US government, which now works as israel's biggest golem and promotes anti-White destruction as the main element of the jewish agenda, is a satanic beast and is completely evil in a way that no other organization has ever been.

James Mason himself said it best in the first part of his now infamous magnum opus, SIEGE:

“The enemy today is the US government itself and it is, by every standard of measure, the most evil thing that has ever existed on earth. This, once it has sunk home, should be a good enough indicator of the sort of struggle we have ahead of us.”

-SIEGE, 5th edition, The N.S.L.F. and
the Move towards Armed Struggle

Since the system we oppose is completely evil, any and all forms of action against it are not only justified and moral, but also necessary.

Understand that we must destroy ZOG at all costs if we want the White Race to survive, as this System is promoting the destruction and Ethnic replacement of our People.

Just as a racial jew cannot be turned into an Aryan, so too is it impossible for a completely anti-White and jewish and therefore corrupt system to be turned into a Pro-White Aryan system. We must therefore aim for the destruction of the system and for the creation of a new pure Aryan system.

You must simply understand that the system is the enemy and that it will not allow us to do anything useful and that, therefore, we should not be here to negotiate with it or be a part of it, but to COMPLETELY DESTROY IT!!! The quicker we recognize this fact the quicker we will begin to act and do truly meaningful and useful things, things that scare the system and that make it worried, things that the judeo-liberal system sends people to Guantanamo bay for, things that make the enemy cry and scream instead of laugh.

The system has been, and will continue to be, a high throne for the jews that also works as their fortress and lair, empowering them and stopping us from reaching them and stopping them.

The liberal system will continue to empower the jews until we completely destroy it and make it collapse.

We must shake the throne of the jews, break their throne, make them fall and lose their power and make it so that we may reach them during the chaos and deal with them once and for all.

No more brother wars!

When I speak to Whites as Brothers, I do not speak only of Nordics or even of just the Germanics or Teutonics, but I speak of all Whites, including the Mediterraneans and, yes, even the Slavs too.

Just as our Fuhrer is one, the White Race is also one.

We have nothing to gain from petty Ethnic fighting.

Racial Nationalism is the path to victory.

All sorts of infighting and other Ethnic conflict between our People must be left in the past, specially during these times where such conflicts are exploited by the jews in order to divide and conquer our People, putting the survival of the White Race as a whole in jeopardy.

We Aryans cannot afford to have these internal wars between our own People when we haven't even defeated those who are actively trying to destroy us.

Before we can even THINK of having such internal Ethnic conflicts, we must first have carried out a final solution to the jewish question.

Only when the most dangerous enemies of our Race have either been destroyed or severely contained, only then will we be able to sort out these conflicts.

Until then, there is neither Nordic nor Slav under Hitler, both are Aryan and must stand united against the jews.

We must recognize that Whites come in many shades and phenotypes. The Blonde and Blue eyed Nordic may be the ideal, but there is still hope for Mediterraneans and Slavs so they must be considered our Racial Brothers.

Though it brings me shame to say this to all of you who read this letter, the truth is that I myself am not the perfect Germanic ideal.

While I do have 25% Dutch Germanic ancestry, the truth is that 50% of my ancestry is Mediterranean, mainly Iberian and Italian, and the rest of my ancestry is 25% Native American.

When analyzing questions regarding Ethnic Nationalism, White Nationalism and the unity of the White Race as one, we must remember the numerous Whites who are of mixed European ancestry.

There are many Whites that have a mix of Nordic and Mediterranean ancestry or sometimes Nordic and Slavic.

To divide the White Race into ethnic groups would alienate these individuals and destroy any sense of Identity.

This is why our focus must be Racial Nationalism, White Racial Nationalism.

Do not forget that one of the ways that the jews often managed to get power was by exploiting Ethnic division among Whites and by making us fight each other over Ethnicity.

Today, our Race is faced with a worldwide existential threat. We can ill-afford the intra-Aryan ethnic tensions and rivalries that characterized pre-1939 Europe.

Only the National-Socialism of Adolf Hitler is strategically and ideologically equipped to ensure the survival of our respective Aryan peoples, and to lead them to victory.

German and Slav, Celt and Mediterranean: all must come together in a spirit of racial solidarity. We must move beyond the ethnic troubles of the past, and unite around the Swastika banner.

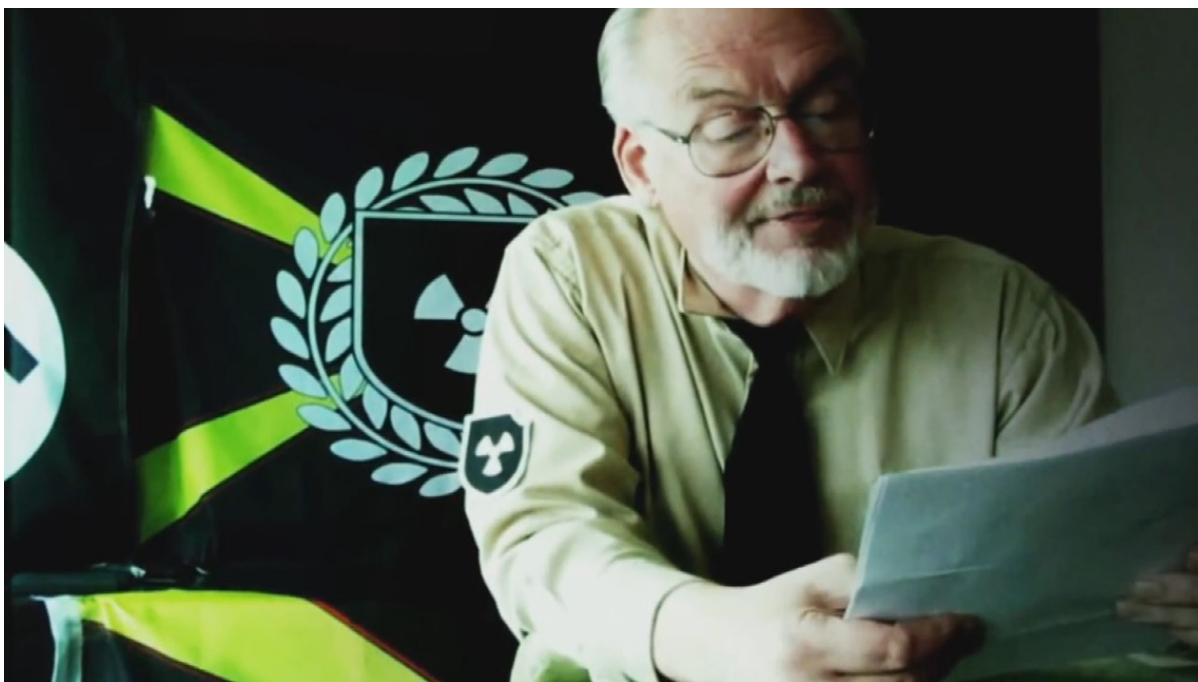

In this connection, White brothers and sisters the world over need to see Adolf Hitler as more than a German political leader of a bygone era, but rather as the champion of Aryan destiny. His eternal message of racial salvation transcends the barriers of time and space, and exceeds the narrow historical limitations into which he was born.

Part 2

Individuals and Other Topics

In defense of SIEGE and James Mason

Introduction

Many of you who read this may already be familiar with the book SIEGE written by James Mason, or at least with some of the groups inspired by his writings.

In fact, I would be surprised if most of you did not know anything about it.

The book SIEGE is a collection of essays and articles written by James Mason, an ardent National Socialist. He originally wrote these essays and articles for an eponymous newsletter of the NSLF.

The book has been somewhat controversial even among us, National Socialists, and some of the more recent and questionable actions taken by James Mason and by individuals with ties to him and his book SIEGE have led some to denouncing the book in it's entirety and even accusing those who like SIEGE of being federal agents or O9A satanic pedophile infiltrators.

The Atomwaffen Division(AWD) was probably the group who has been the most responsible for popularizing and promoting SIEGE and for creating a type of Siege-Culture and Siege aesthetics, which I myself and many other NatSocs adopt to different degrees.

Some other groups that either had ties to AWD or were inspired by it's ideals and aesthetics even after it disbanded back in 2020 were also responsible for popularizing Siege-Culture and Siege aesthetics.

Many of you must already be familiar with the AWD style of propaganda or with the slogan "READ SIEGE" that was promoted by the Pro-SIEGE NatSocs who are called "siegefags" by the anti-SIEGE NatSocs.

But in the end of the day, how valid is all of this? Many would say that SIEGE ideology is nothing more than dangerous larp, but I am here to debunk this and to defend not only SIEGE culture but also the man himself, James Mason

Accelerationism is a viable path to victory

Have you ever wondered how we can actually achieve our goals in a realistic way?

Have you ever wondered how we can actually defend our Race?

Have you ever wondered how much time we have left to save our People?

Have you ever wondered how we must act in order to stop this anti-White System before it destroys us?

Have you ever wondered what YOU can do, in real life, in order to actually change things and actually do something that threatens the System that hates us.

The System is the enemy, and the best thing we can do is destroy it.

When the System has stability, the jews who run it can keep forcing People to play the normie political game that they are the masters of, they can keep up their illusions and their controlled opposition so that they continue to promote their anti-White agenda and try to destroy us.

We cannot win when the System is safe and stable, as it will continue to trick more and more people into accepting their agenda.

If we want a return to Tradition, a return to Truth, Peace and Justice and to secure the existence of our People and a future for White children then we will need a Revolution against the System.

The system is anti-White, the System is degenerate, the system is jewish, the System is zionist.

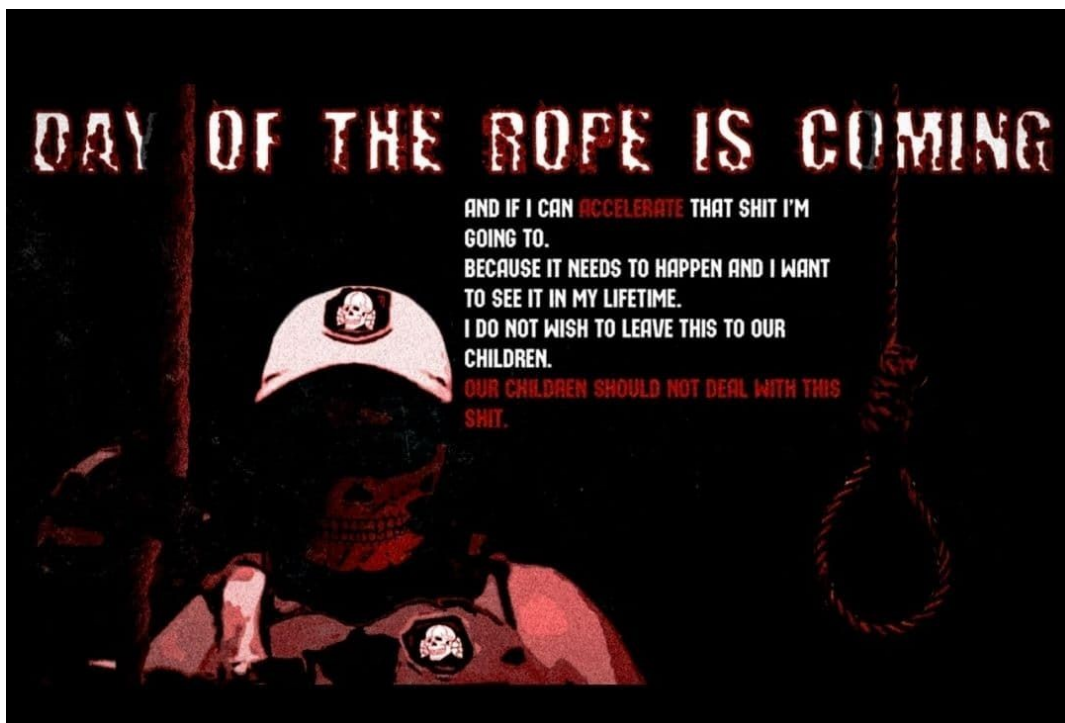

An anti-White System controlled by jews will never let Pro-White individuals take power, it will never let us do anything meaningful to save our race.

The writings of James Mason are a rational analysis of our current situation, a wake up call to action.

Those who claim SIEGE is nothing more than pro-terrorism nonsense or who accuse it of being satanic are completely wrong, specially about the last accusation.

Those who claim James Mason is a fed are wrong and are ignoring the fact that he was actually arrested and spent time in prison.

You may disagree with some of James Mason's views and opinions, but you should still recognize that most of the points that he brings up are completely valid and must be seriously considered and genuinely discussed in good faith.

The personal sins of James Mason

Now, let's get this out of the way: Yes, James Mason did do some questionable things, such as dating a girl who was way too young for him.

More recently, he made some false accusations against a completely innocent man and screwed over some of his own supporters from the American Futurists, all while deciding to work with an individual of seriously questionable character.

Some of his mistakes, however, can be explained and mitigated by the fact that he is currently an old man, born on

July 25, 1952 which makes him around 72 years old right now in 2025, and this has definitely had an impact on him.

There is also a history of dementia in his family, and his time in prison had a big impact on him, so even those around him who were disappointed by his recent actions were somewhat aware of the fact that his brain was probably not working well, which might have led to some of his more recent mistakes.

In the end of the day, it is still up to question just how many of his mistakes are the result of his dementia and other mental problems brought on by his old age.

I personally believe, or at least would like to believe, that his recent mistakes are truly the fruits of his brain not working well due to his age and are not the result of outright malice or ill intent.

Horst Wessel's Martyrdom

February 23, 2025

On this day, 95 years ago, the National Socialist activist Horst Ludwig Georg Erich Wessel succumbed to his wounds after many long days of pain in the hospital.

The young Aryan, born on October 9 of 1907, was only 23 years old at the time of his death. He was the son of a Pastor and later worked as a construction worker.

The young Wessel soon became a determined National Socialist, a big fan of Joseph Goebbels, and a member of the SA.

He joined the NSDAP in 1926 during its early years of tribulation, seeking the best for his People and Nation. His mom told Joseph Goebbels that her son hoped for a better world.

During his life, Wessel was known to play the Schalmei, a German brass instrument often used in Folk celebrations. He founded a band which provided beautiful melodies to the events held by the SA.

Horst Wessel's Martyrdom

On the 14th of January, 1930, Horst Wessel was living with in an apartment at 62 Große Frankfurter Straße with his friend Erna Jänicke.

At around 10 p.m. of that day, a group of communists led by the infamous armed pimp, perjurer and petty criminal psychopath known as Albrecht Höhler knocked on Wessel's door.

The communists were given Horst Wessel's address by Elisabeth Salm, who was the landlady of the room that Wessel and his friend were living in. Her husband, was a communist who had worked with other bolshevik traitors in the past.

After they knocked on his door, Wessel opened it as he was expecting members of the SA to meet him. As soon as he opened the door, he was shot at point-blank range by the communists, without being given any time to react or defend himself.

While he originally survived the attack, he suffered from his injuries for over a month before dying.

What we can learn from Wessel's Story

Horst Wessel's death was not in vain, and his sacrifice for our cause is still remembered to this day by many National Socialists around the world.

After his untimely death, one of his best songs, originally known as Kampflied, became the anthem of the NSDAP and was renamed to Horst Wessel Lied as a way to honor him and became the anthem of the NSDAP and co-anthem of Germany itself.

In the end of the day, Horst Wessel himself, and all of our Brothers killed by bolsheviks, still march with us in Spirit.

MAY OUR FLAGS FLY HIGH AGAIN!

Against Nick Fuentes and the Groypers

Nick Fuentes is a homosexual incel pedophile degenerate who hates White women and worships niggers!

He is subversive, him and his followers care more about catholicism than about saving the White Race.

He is against White families and has a semitic view of women and society, and he has even defended the Russian government despite the fact that the Russian government has banned both Mein Kampf and Siege and that Putin has killed White Europeans in Ukraine.

Fuentes is also friends with the jewess Laura Loomer and even supporter her and her political campaign, seemingly not caring about the fact that Loomer is jewish and also a zionist, which is honestly revolting. What is even the point of being “noticers” and claiming to name the jew if your leader is collaborating with a jew?

This is very ironic considering how Nick and his groyper army accuse anyone who disagrees with them of being jewish, even creating some spiritually brown reaction images accusing all of their opponents of being jews while their leader supported a zionist jew, images that often contain some filipinx anime slop like blue archive or not.

For this and many other reasons, I urge all of you to stay away from Nick Fuentes and his groyper army, as he is clearly a false Prophet who has openly praised leaders of judeo-bolshevism like Joseph Stalin and has also defended child-marriage, even telling a teacher in his audience to marry one of his underage female students.

Fuentes has openly criticized the age of consent and suggested lowering it. At this point, it should be considered common knowledge that Nick Fuentes defends pedophilia, and is likely a pedophile himself.

Not only that, but even if Nick Fuentes isn't a pedophile, many of the people that he worked with have been exposed as pedophiles and groomers.

I could give many other details, articles, videos and accounts regarding pedophiles tied to Nick and his groyper movement, but there are many others who have already gone out of their way to document all of his subversive antics and expose him.

There are many videos exposing Nick Fuentes and one can find many of these on Rumble and Bitchute.

These videos are like documentaries that expose Nick Fuentes, often by his own words, and I recommend that you watch them in order to understand what we are up against and why we should all oppose Nick, his subversive doctrine and his groyper cult of personality.

THE JEWS KILL CHILDREN: The crimes of the jews against Palestinian Gentiles

The beginning of the zionist project

Whenever someone tries point out jewish influence over society and speculates about a potential secret group of jews manipulating world events from behind the scenes, the jews themselves will often call such person a “conspiracy theorist”

and will mock any idea of a secret jewish council influencing the world as being “unrealistic” or even insane.

However, the truth is that jews, specially the zionist ones, are very organized and they have a history of forming international groups in order to influence things in their favor.

The most well known and influential of these jewish groups is the World Zionist Congress, established by the zionist leader Theodor Herzl and some other influential jews in 1897.

The World Zionist congress had several important meetings, and they were crucial in the creation of the State of the illegitimate State of israel. The organization still exists to this day, with their most recent congress being held back in 2020.

Another important zionist group where jewish Nationalists, many of whom were wealthy bankers, would try to manipulate events in favor of their People and it's wicked goals was the Zionist Federation of Great Britain and Ireland, who was created in 1899 and still exists to this day.

Some argue this organization had an even greater and more direct role in the creation of the State of israel due to it's direct involvement with the Balfour Declaration of 1917 and also the wealth of it's most influential member, Lionel Walter Rothschild, the second Rotschild Baron.

Those who are familiar with the history of jewish influence over the world and matters of economy and money will certainly recognize the name Rotschild, given that the

Rotshchilds are a very wealthy and influential jewish banking dynasty that had even more influence in the past, being once described as the owners of all banks, money and the world.

All of this only goes on to show that the jews are extremely organized, and that they have a deep sense of Nationalism and of loyalty to their own group, and yet they hypocritically oppose other forms of Nationalism.

Despite all of their organized groups and sense of Nationalism, the jews will always oppose any and all forms of genuine White Nationalism and Arab Nationalism.

When us Whites try to organize and create our own groups, the jews and their allies will oppose us and try to censor us and destroy our movements and groups.

With their economic and political influence, the jews and their immoral, hypocritical leaders have managed to create their own State, and there we can see just how much they hate us Gentiles by analyzing how the jews treat the Gentiles around them.

The Nakba

**Deir Yassin Massacre
1948**

**Gaza Massacre
2023**

In 1948, when the Jewish Nationalists first established their own State, the world was able to see how the Jews treat Gentiles that are under their authority.

Palestinian Gentiles, many of them Christian, had lived in Palestine for many centuries, and they had homes and families established there, and they lived happily and peacefully in their Land.

All of that would change in 1948 however, when the jew arrived with a thirst for Gentile blood and a desire to steal from others.

What followed the creation of the State of israel in 1948 was a war that the jews waged against the Native Palestinians.

With the israeli declaration of independence and their war against the Palestinians in 1948 came the Nakba, with a series of cruel, bloody massacres being perpetrated by the jews; originally by their paramilitary forces and militias and later on by the official israeli army.

There are entire lists of confirmed massacres perpetrated by the jews during the Nakba.

In the year of 1948 alone, around 16,000 Palestinians were killed during the Nakba, with over 750,000 being expelled or had to flee from their homes because of the zionist crimes against their People.

One of the most brutal and well known massacre that occurred during the Nakba was the Deir Yassin massacre, where 107-140 Arab civilians were killed by jewish paramilitary groups, and with over 50 Arab villagers also being injured.

Things would only continue get worse for Palestinian Gentiles as time passed and the jews continued to steal even more of their land.

The jews spread like a virus, occupying Palestinian land and creating illegal settlements, a practice which continues to this very day.

The Six Day War

In the 5th day of June, 1967, ISRAEL STARTED A WAR by launching a cowardly attack against the Egyptian air force. In response, all of the neighboring Arab countries, feeling threatened by israel's attack against Egypt and revolted by

their criminal treatment of Palestinians, decided to declare war against israel.

Being the weak and cowardly bastards that they are, the israelis quickly got help from the US, a very easy thing for them considering that the jews control all US politicians.

The USS Liberty incident

One of the US ships that were sent to the middle east in 1967 during the six day war was the USS Liberty.

On June 8th of that year, the ship was near the sinai peninsula on international waters, with the White men of that ship thinking they were there to help their “greatest ally or whatever propaganda they were fed by the ZOG military complex.

The israelis, however, did not see them as allies, and they were thirsty for Gentile blood.

The ship, which had a giant US flag on itself for identification purposes, was attacked multiple times by the israeli air force and israeli torpedo boats.

34 American Gentiles were killed in the USS Liberty, murdered by bloodthirsty jews who wanted to bring death and suffering to the People they see as being inferior to them.

The zionist crimes after these events

There were thousands of crimes committed by israel against Palestinian Gentiles and even against americans, such as the flour massacre in 2024 and the lavon affair in 1954.

If one were to try and list all of the crimes of the jews against the Palestinians, then the result would probably be a book infinitely longer than all of the Lord of The Rings saga combined.

What we can learn from all of this

When we look at the actions of the jews, we see not the actions of a Holy People, but the actions of bloodthirsty demons filled with hate and prejudice.

The zionists, in a certain way, act in the same way that they falsely accuse us “Nazis” of having acted against them in the past.

Every single one of their accusations against us is a confession.

When they accuse us of trying to exterminate all jews, they confess that they are trying to exterminate all non-jews, which is in line with what the talmud says, and it's exactly what they're doing to Palestinian Gentiles.

Make no mistake, for the jew will always seek to bring death, evil, degeneracy and suffering to Gentiles anywhere he goes.

The jew will subvert your Nation, betray you, steal from you and then crucify you, killing your children and drinking their blood while calling you "evil" and "antisemitic" for speaking out against their crimes and then call you a "terrorist" if you attempt to resist their illegal occupation.

- 2nd edition of The Daily Angriff

Against Putin, Duginists and the Eurasianist plague

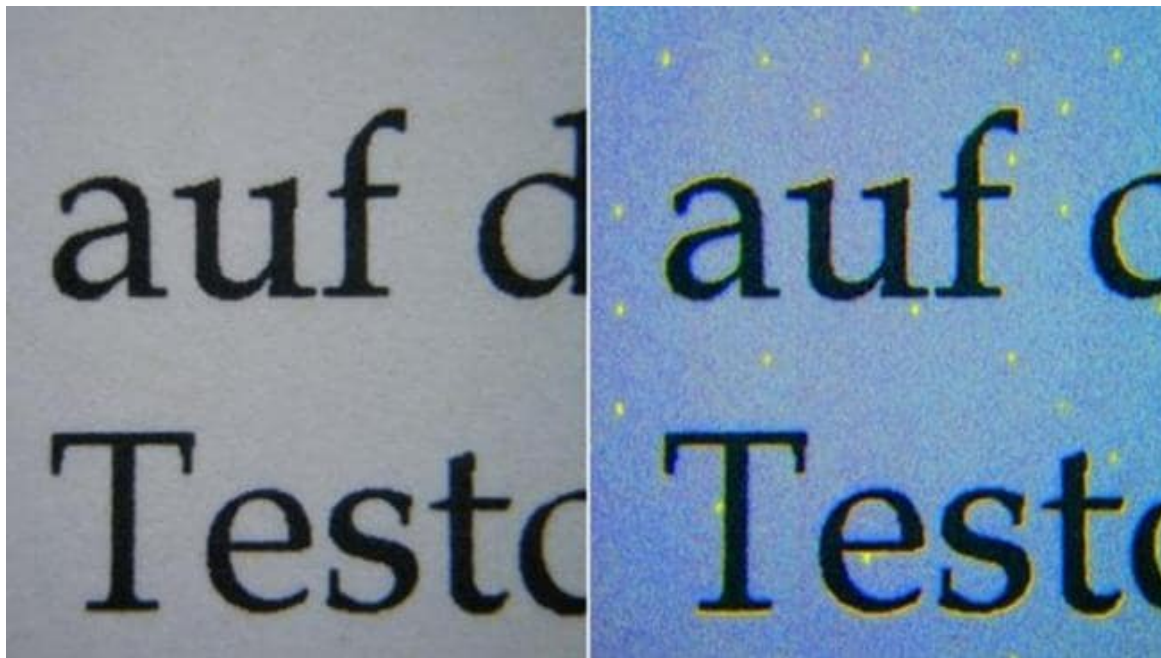

It saddens me to see the White Race divided by conflicts engineered by jews and it also saddens me to see many of you falling into subversive and divisive doctrines created by modern bolsheviks who act as servants of the Putin regime and who also want to mongrelize our Race by uniting Europe and Asia into a single country.

Putin is not an anti-semite. He is a puppet of the jews just as much as trump or any other western leader is. Not only that, but in addition to being a puppet of the jews, he is also an enemy of the White Race, who has inflicted innocent pain and death on thousands of innocent Ukrainians.

And what is his excuse for starting such a brutal war against Ukraine? Anti-Fascism and “denazification” as he puts it. This alone should show you that Putin is an enemy of National Socialism and therefore an enemy of the White Race. Rather than supporting these mongolic bastards who promote eurasianism and who attack Hitler and heroes like Bandera, we should instead support those who actually care about Europe and who seek to defend it and who support heroes like Stepan Bandera, who collaborated with the Germans.

Tracking Dots: why you must be careful when printing pamphlets

Pamphlets, flyers, posters and other pieces of printed physical media are essential tools for any modern movement. Through these printed pieces of visual propaganda, one is capable of sharing important information, slogans, events and ideals.

Today, with the creation of links and QR codes, one can even share full digital copies of important books, articles and links to websites and accounts.

When possible, you should always try to print and then spread flyers and posters in order to promote our message, but it is very important for you to distribute our propaganda safely, so as to not be tracked down by the ZOG police or by antifa members. This is specially true if you happen to live in places like Germany that currently have laws against distributing National Socialist material.

Things like avoiding security cameras and, after leaving your house and being seen by cameras, going to a blind spot without any cameras or individuals while carrying a bag with different clothes and material so as to change your clothes and put on a wig of a different hair colour than yours and put on some random cap and then store the clothes you were using inside the bag, locking it, and leaving it there to retrieve it later and change back into your original clothes and store the wig and any other accessories you used as a disguise once you have finished placing the propaganda out there. You can make things even more safe by burning the clothes and wigs you used as a disguise and dumping all that remains carefully and in a place that no one sees it.

You might be surprised to find out that, even if you do all of the things listed above and continue to be as careful as possible when placing propaganda in your city or town, you might just end up being discovered, and there might be an actual chance of police and antifa members finding you.

The evidence that they can use to track you down in such cases is not found in cameras or testimonies, but is instead found in the propaganda itself, in the paper that it is printed

on, and it is marked almost invisibly on the paper by most modern printers.

The evidence is found in tracking dots, and you must be careful so that others might not track you down using them.

What exactly are tracking dots?

Printer tracking dots, also known as printer steganography, DocuColor tracking dots, yellow dots, secret dots, or a machine identification code (MIC), is a digital watermark which many color laser printers and photocopiers produce on every printed page that identifies the specific device that was used to print the document. Developed by Xerox and Canon in the mid-1980s, the existence of these tracking codes became public only in 2004.

The dots can be made visible by printing or copying a page and subsequently scanning a small section with a high-resolution scanner.

The yellow color channel can then be enhanced with an image processing program to make the dots of the identification code clearly visible.

Under good lighting conditions, a magnifying glass may be enough to see the pattern sometimes.

Under UV-light, the yellow dots are clearly recognizable.

This means that, in order to check if your printer is clearly adding tracking dots, you must look at your printed material under UV-light. You can buy some devices that produce that purple UV light online and in some shops as well.

However, I have heard rumors of other small markings that are almost invisible placed by modern printers and that are unknown to the public, so there is a possibility of there being secret codes that could also be tracked by police, though some might consider this too paranoid.

But after all, even if the tracking dots are the only tracking devices placed by modern printers, how can you effectively deal with them and continue to make propaganda?

In this article, I hope to share some ways that you may be able to circumvent this danger and maintain good opsec while promoting our message.

How to remove tracking dots

There are many ways to circumvent tracking dots, though they vary in efficiency, reliability and even success and I myself am not certain of to which extent some of these methods would work, or if they would work at all.

1. Tracing instead of printing

The safest method to avoid detection is to simply not use any printer at all, but to manually trace the image or text that you would like to print. You could do that in a dark room by using gloves and a pen and some device with a screen, like a computer for example, and simply place the paper over the screen and trace it while being careful to not leave any fingerprints on the paper.

2. Building your own printer

One of the safest methods is to build your own printer. There are tutorials online on how to this but if you only want to print texts and not images then you could use a simple design like that of the earliest printing press.

3. Special programs

There are some programs out there that either randomize or remove tracking dots from printers.

4. Finding a safe printer

This method is hard, and you should be very careful to check printed documents for even the smallest of tracking dots, but

you might be able to find a safe printer that does not add tracking dots to your documents and propaganda.
